The Locker collection brings originality and style to the traditional locker while being true to its purpose.

Artopex Lockers provide storage for many spaces in the workplace – group them along a wall or at the end of benching tables, and even create a collaboration island. Open or with doors, in a variety of sizes, colors and configurations make every combination unique.

Descriptions

The Lockers series offers a variety of personal, secure storage solutions that can be used in a variety of contexts.

72" high lockers can be grouped along walls to create locker spaces.

40" high lockers and tops (sold separately) are used to create locker islands.

29" H.

44" H.

Lockers 29" and 44" high fit perfectly with shared benching tables from the Take Off collection.

Materials

29" and 44" high locker tops and island tops sold separately are made of 1" (25 mm) thick pressed wood panels in T.F.L. or H.P.L. finish. H.P.L. adds 1/16" (1.6 mm) to the surface thickness. 1" (25 mm) thick surfaces have 1/16" (1.5 mm) ABS edge banding in matching or contrasting colors.

These tops are available with the Fenix laminate option. As a general rule, locker frames are made of "pressed wood 1 1/16" (17.5mm) panels.

The contour of these panels (edge banding) is made of ABS 1/16" (1.5mm) thick, in a color that matches the laminate.

Laminate finishes

The available finishes are divided into 6 categories:

- The "Surface" finish (applied to the 1" surface).
- The "Edge Banding" (1" surface contour).
- The "Base" finish (applied on the sides and back of lockers, and the corner modules).
- The "Door" finish (Door 1 and Door 2)
- The "Divider" finish

Refer to the product description and to the choices of finish, for more details, [see p.21 and 22](#).

Woodgrain direction

Tops

The woodgrain runs parallel to the longest side of the surface.

Sides and fronts

The woodgrain is positioned vertically on the sides, the back and the front.

Back

The wood grain is positioned horizontally on the backs of lockers 44" high and under, and vertically on lockers 72" high.

Recessed back

Backs are recessed by $\frac{5}{8}$ " (15 mm), allowing the addition of a back tile.

Assembly and hardware

Lockers require no assembly upon delivery except for levelers.

Rear levelers are adjustable from the inside.

IMPORTANT:

Pre-drilled holes are located on the inside of all lockers to allow them to be screwed together when placed side by side.

NOKI electronic locks

All the lockers with doors are equipped with the Noki electronic lock.

The Noki lock is a simple and efficient locking system.

- The combination automatically resets after each use.
- A forgotten code, an absent user... use the master key. An authorized person may also obtain a master code from Artopex.
- After four attempts to open with a wrong code, a brief alarm sounds.
- Powered by a battery (CR2032 included) and easy access to change the battery.

USER

PROGRAM YOUR PERSONAL CODE

- 01** Enter a 4 digit code and turn the lock button to lock. Memorise this code, it will be valid for one use only.
- 02** Re-enter the same 4 digit code again and turn the lock button to unlocked.
- 03 FORGOTTEN CODE** Contact Artopex technical support and obtain a master code, unique to your Noki lock.

MANAGER

MASTER KEY OPTION - INDEPENDENT MANAGEMENT

- 01 MANAGEMENT** Obtain one or more identical master key for use by authorized personnel.
- 02 FORGOTTEN CODE** Unlock and resand the lock to its original code 1-2-3-1-2-3 by inserting the master key.

Lockers

Assembled lockers are available in a variety of configurations and with the following characteristics:

- Depths: 14" or 18"
- Widths: 12", 24", 36", 48" or 60"
- Heights: 29", 40", 44", or 72"
- 1, 2, 3 or 4 levels of lockers
- 1" tops in Thermally Fused or High Pressure Laminate
- With doors, open or open on bottom
- Doors opening on the left or the right

Doors

Doors have hinges that allow an opening of 110°.

Lockers are available with a choice of 2 door colors. The choice for Door 1 finish is the main choice (white doors) and the choice for Door 2 finish is the accent choice (grey doors). To have the same finish on all doors, enter the same finish for Door 1 and Door 2 in the code.

1	2	1

Doors 2

LZ - S43DL143672 - H1 - BW - BW - A - LU

Dividers

Inside horizontal and vertical dividers of open lockers can be specified with the same finish as the base or in a different finish.

Specification example:
White base (BW) and Frost dividers (A)

S SPECIFY				
Code		Base		Dividers
LZ -	S43O143672	- H1 -	BW	- A

Shelves

Optional adjustable shelves can be added under "Options" (Shelves).
The option (**SHE**) must be specified.
1 shelf will be added behind each door.
No shelves will be added in open sections.

Adjustable shelves will be in base color. If a divider color is specified, adjustable shelves will be in divider color.

Back Tiles

The backs of the lockers are recessed by 5/8" (15 mm), allowing the addition of a back tile.

Materials

Back tiles are available in a choice of materials: 3/8" T.F.L., 3/8" felt and 3/16" opaque acrylic.

Tile installation

All tile types are installed using velcro.

The amount of velcro® installed on the chosen tile varies according to its dimensions.

Back Tiles

Tile selection

To choose the right back tile for the locker, follow the example below.

For a felt back tile for the locker selected (**S12DL142472**), refer to the dimensions of the associated back tile (**Tiles 2472**).

Dimensions			Code		Prix	Spec.	
A	B	C	Back tiles		T.F.L.	Cu.Ft.	lb
36" / LEFT							
18	36	71 3/8	Tiles 3672	S13DL183672	2424	27.6	203
14 3/8	36	71 3/8	Tiles 3672	S13DL143672	2295	21.9	177
24" / LEFT							
18	24	71 3/8	Tiles 2472	S12DL182472	1792	18.6	143
14 3/8	24	71 3/8	Tiles 2472	S12DL142472	1699	14.6	123

Then, in the felt back tile section of the corresponding height (here 72" high), trace the given dimensions for the back tile (**24 x 72H**) to target the associated the associated back tile code (**TDF2472**).

Dimensions			Code		Price	Spec.	
A	B	Locker			T.F.L.	Cu.Ft.	lb
876	1747	36 x 72H	TDF3672		252	3.9	44
571	1747	24 x 72H	TDF2472		200	2.6	29
267	1747	12 x 72H	TDF1272		148		

Locker accessories

Hook

Silver hooks are included in certain lockers with doors and are also sold separately.

Anti-Tip Fastener

It is strongly advised to add anti-tip fasteners to 72" H. lockers. This fastener is a metal bracket that can be attached onto a wall (by screwing on the top of the locker). Wall attachment hardware is provided by the installer according to the type of wall.

Boot tray

Black plastic trays in HIPS (high impact polystyrene) are available to protect the bottom of the locker shelves.
